WONDERFUL DEVELOPMENT IN MONARCH

Monarch Pittsburg will start shipping ore Monday. The bin is completed and the ore is tumbling in. A grab sample was taken by the writer yesterday. It was better than the average, but the characteristics were similar to all of the rock that was being dumped.

It is not claimed by the management that the initial shipment will run over \$30 or \$40 a ton, as the three feet of high grade will be mixed with several feet of low commercial, holding the average down to the amount mentioned.

It is not claimed by the management that this is the Murray vein, although it has all the characteristics, with the exception that it is heavier in iron than where it was tapped in the Extension, although it is possible that it has made this acquisition in the distance separating the two properties. At all events it is on the general trend. It is at least a south parallel. The discovery was made in nearly the center of the Pittsburg claim in a raise that was put up 65 feet from the thousand foot floor. The vein will be drilled on in both directions and then stopped. This discovery extends the known ore zone and puts the "76" particularly in line.

SERIOUSLY INJURED IN THE COALDALE YARD

Carl Reik, who conducts the hotel at Coal Dale and who also has charge of the T. & G. railway business there, yesterday afternoon, while releasing the brake from a box car, he somehow was thrown from the car and fell on a water tank car, sustaining bruises on the head and shoulder, as well as breaking his hip. If it had not been for the tank car, the box car from which he fell certainly would have run over him.

Dr. J. Emet Cox was summoned from Tonopah and the patient was brought from Coal Dale on this morning's train and placed in the Mine Operators' hospital.

TO THE VOTERS OF NYE COUNTY

The rumor has been in circulation for some time past that I have made pre-election promises to certain parties, promising deputyships to further my election. That assertion I most emphatically deny and I challenge any one to produce evidence to that effect.

FRENCH LINER BEATS OFF A GERMAN DIVER

EATING TO LIVE.

Rules by Which Good Health May Be Gained and Retained.

Herewith I give a few general suggestions for those who desire health, writes Edward B. Warman, A. M., in the Nautilus:

No one can have health who eats too much.

No one can have health who eats too many kinds of food at the same meal.

No one can have health who eats when tired, hurried, worried, anxious or excited.

No one can have health who rises late, gulps down a hearty breakfast and then sprints for the car.

When you have eaten do not wonder if it will agree with you. When you begin to wonder trouble begins. Say goodbye to it, not expecting to hear from it again. If you fear it do not eat it; if you eat it do not fear it.

Be cheerful at your meals. A sour countenance will give you a sour stomach.

Praise your wife's cooking—if you can conscientiously.

If you go home with a grouse leave it out of doors, where the dog will get it—then shoot the dog.

The majority of people do not know how to live until they are ready to die, and then they are not ready to die because they have not rightly lived.

TWO CANDIDATES WHO ARE WELL QUALIFIED

(Political Advertisement)

Larry Glass, who seeks the office of county clerk, is a capable, honest, conscientious man. He is an old-timer of this county and a man who will bring to the office every qualification necessary to a perfect and efficient administration of the important place in the county's official family.

Mrs. Jennie Curieux, the Democratic nominee for recorder and auditor, needs nothing but the certificate for the office to be prepared, as she has the votes now that will obtain it. This lady is the only one the Democrats present in the county this year and of her it can be truly said that she is the choice of all three parties.

After having entrusted our children to her care for so many years with confidence which has not been misplaced, the people of the county can with supreme reliance and trust, submit the records of the county to her charge and experience.

I. W. W. GETTING BUSY AT DULUTH

(By Associated Press.)
WOMEN WORKERS GATHERED IN BY THE TROUBLE MAKING ORGANIZATION

DULUTH, Minn., Nov. 4.—Announcement is made that the domestic workers, women cooks, waitresses, scrub girls, chambermaids, and in fact all female servants of the city, are being organized into a union under the standard of the Industrial Workers of the World.

A committee of seven I. W. W. is now out signing up the girls and women for the purpose of calling a mass meeting late next week at which a schedule of wages will be adopted.

"We already have secured 100 workers in homes, hotels and restaurants, and expect to have several thousand before next week," said Elizabeth Gurley Flynn, I. W. W. organizer. She said that the women will demand wages which "will permit them to buy proper clothing, defray necessary expenses and make regular bank deposits."

COLONEL ROOSEVELT CRITICISES WILSON

THE NATION'S CRISIS IS DISCUSSED BY FORMER PRESIDENT

(By Associated Press.)
NEW YORK, Nov. 4.—Colonel Theodore Roosevelt criticized President Wilson in emphatic words last night in an address at Cooper Union, which he delivered at the request of a campaign organization of business men who oppose the reelection of Mr. Wilson. Taking as his subject "Our nation's crisis," Colonel Roosevelt said that a world cataclysm has overwhelmed civilization and that "the time have needed a Washington or a Lincoln, but unfortunately we have been granted only another Buchanan."

"I have been assailed," said the speaker, "because I have criticized Mr. Wilson. I have not said one thing of him that was not absolutely accurate and truthful. I have criticized him because he has dragged in the dust what was most sacred in our nation and jeopardized the most vital hopes of our future. I criticize him not because he has adroitness and cleverly and with sinister ability appealed to all that is weakest and most unworthy in the American character and also because he has sought to lead many men and women, who are neither weak nor unworthy, but who have been misled by a shadow dance with words. He has kept the eyes of the people dazzled, so they know not what is real and what is false. In the face of the world he has covered this nation's face with shame as with a garment."

ELECTION RETURNS BY PRIVATE WIRE

The management of the Aldrome has made arrangements with the Western Union Telegraph company for complete election returns beginning at 6 o'clock Tuesday evening. The Aldrome will be comfortably heated. While the returns are being received jitney dancing will be enjoyed.

PERSONAL

CHARLES KAPP, one of Goldfield's pioneer business men, is up from San Francisco. He is engaged in the settling up of the affairs of the late James Golden.

CHARLES BILYEU, who with his wife left Tonopah a little over a year ago for his native home in Arkansas, returned to Tonopah yesterday. R. A. Bilyeu, his brother, a resident of Millers, who had also been visiting the old home, accompanied him back.

LAWRENCE E. (LARRY) GLASS, Democratic candidate for county clerk, who had been interviewing the voters of southern Nye, returned to Tonopah yesterday. Mr. Glass spent one day examining the mining properties of W. J. Tobin at Pioneer, also the Mayflower. He predicts a great producing future for the Tobin holdings.

MRS. IRIS WOODWORTH, who had been assistant at the Tonopah public library during Mrs. Grace Moore's absence from the city, was a passenger this morning for San Francisco, where she went to visit her son, George, who is attending an art school in that city and is also in the employ of Wells, Fargo.

M. J. SCANLAN, Socialist candidate for congressman, arrived from Ely last evening. Mr. Scanlan was for a number of years a resident of Tonopah and is being kept busy meeting old time friends. He will address the people of Tonopah tomorrow evening on the political issues of the day.

Genesis of the Playhouse.

Thespians in 530 B. C. acted his plays in a wagon. In 499 B. C., during the time of Aeschylus, creator of drama, the performances took place upon temporary wooden scaffolds, one of which, having collapsed during a representation, the Athenians were induced to build the great theater of Dionysius, calling it the Lennion, which was the first permanent stone structure of its kind. It required 100 years to erect it. There was no scenery, but the scene was decorated so as to represent the locality in which the action was going on. Roofless was his structure, but around the building were porticoes, to which the people retreated during rainstorms. Sometimes awnings were used to ward off the sun's heat.

Genuinely Dry.

Antofagasta, a seaport of Chile, on Morona bay, a great shipper of metal ores, borax and nitrate, is obliged to pipe its drinking water several hundred miles from the Andes. The city is one of the driest spots in the world, though a deep water port. Beyond it lies the great Atacama desert.—Argonaut.

GOLDFIELDERS HERE

Among the Goldfield people who registered yesterday at the Mizpah were Mr. and Mrs. Roger Foley, M. H. Hall and Jack Buckman.

After eight years without representation, southern Nye asks support for its only candidate upon any ticket. A. B. Perkins of Carrara, the regular Republican nominee for assemblyman.
